

SEPTEMBER 2026

PRAYER POINTS

MONDAY

As we look towards the time of Harvest festivals let us give thanks for all that God has provided for us. Let us think about our planet and how we care for it.

TUESDAY

As the days get shorter and colder, let us give thanks that we can meet with our GB friends in the evenings so we can have fun and laughter together

WEDNESDAY

In the Northern Hemisphere, we are going into winter, but let us think of our friends in the Southern Hemisphere, part of the worldwide family of GB, who are starting their spring and summer time.

THURSDAY

Let us appreciate the colours and changes that the autumn brings to us, the golds, reds and yellows of the changing leaves, let us remember that this time of rest is necessary to enable the green shoots to come again in the spring.

FRIDAY

October is likely to bring rain which isn't very fun, but let us remember those in other parts of the world who need rain to grow their crops and water their animals.

SATURDAY

We pray for our group leaders, our Network Exec members and our trustees as they work for the good of GB.

SUNDAY

Let us rest in the Sabbath and keep it holy, so we can go into our next week refreshed and ready for all it brings.
